nFINITY X EDUCATION

Control your Vision

Enterprise media management. Reporting, tracking, attribute-driven content, meta-data, royalty management, distribution rights, accounting, open architecture, and much more...

nFINITY X EDUCATION

Control your Vision

Endless opportunities await you through the nFinity X eDucation and eCommunication suite. Fulfil your vision for seamless and timely distribution of critical institutional content and campus communication. Target demographic profiles and introduce self-service student kiosks. Empower diverse entrepreneurial activities including advertising, royalty management and general student information dispersal.
